Besides great curb appeal, this home has a wonderful floor plan. The foyer leads to a formal dining room on the right and a central living room. The U-shaped kitchen is perfectly located for servicing all living and dining areas. You can walk through the light-filled breakfast nook to a large family room at the rear.

To the right of the plan, you will find three bedrooms; two with a shared bath and the fourth with access to the pool bath. On the left side, the master retreat offers a private lanai entrance and an amenity-filled bath with his & hers walk-in closets, separate vanities, a large spa tub and separate shower.

Floorplans and elevation are an artist's concept only and are subject to change without prior notice. See builder for actual detailed landscape and plans.
