Memories are made in truly inspired spaces. The comforts of this open floor plan with the convenience of a main-level master suite make this home enjoyable now and for years to come.

Featuring large, open spaces and generous room sizes, this is the ideal home for active family living. The master suite is exceptional, with two spacious walk-in closets and a fully appointed, luxurious master bath.

Upstairs are three large bedrooms and two baths – including a convenient Jack & Jill bath between two of the bedrooms. A massive game room over the garage offers additional family living space.
